A summary of the conference proceedings, including questions and answers, will be posted by amendment to the solicitation.

1.5 Value Engineering After Award

Your attention is invited to Contract Clause 52.248-3 entitled Value Engineering – Construction. The Government may refuse to entertain a Value Engineering Change Proposal (VECP) for those “performance oriented” aspects of the Solicitation documents that were addressed in the Contractor’s accepted contract proposal and that were evaluated in competition with other offerors for award of the contract. The Government may consider a VECP for those “prescriptive” aspects of the Solicitation documents, not addressed in the Contractor’s accepted contract proposal or addressed but evaluated only for minimum conformance with the Solicitation requirements. Performance oriented refers to those aspects of the design criteria or other contract requirements that allow the Offeror or Contractor a certain latitude, choice of and flexibility to propose in its contract offer a choice of design, technical approach, design solution, construction approach or other approach to fulfill the contract requirements. Such requirements generally tend to be expressed in terms of functions to be performed, performance required or essential physical characteristics, without dictating a specific process or specific design solution for achieving the desired result. In contrast the term prescriptive refers to those aspects of the design criteria or other Solicitation requirements wherein the Government expressed a design solution or other requirements in terms of specific materials, approaches, systems and/or processes to be used. Prescriptive aspects typically allow the Offerors little or no freedom in choice of design approach, materials, fabrication techniques, methods of installation or other approach to fulfill the contract requirements.

1.6 Safety and Health Requirements: Contractors performing construction contract work under the provisions of FAR Clause 52.236-13 entitled "Accident Prevention" shall comply with the latest version of EM 385-1-1 (including interim changes) that is in effect on the date of the solicitation. Prior to making an offer you are advised to check the HQUSACE Safety and Occupational website for the latest changes. No separate payment will be made for compliance with this paragraph or for compliance with other safety and health requirements of the awarded contract. The minimum Safety personnel qualifications are identified in Section 01525 of this solicitation.

1.7 Performance of Work By Contractor. Your attention is invited to Section 00700, FAR 52.236-1 entitled “Performance of Work By Contractor.” Unless submitted with the proposal, the successful contractor must furnish the Contracting Officer within 30 days after award, a description of the work that the contractor intends to perform with his own organization (e.g. earthwork, paving, brickwork, or roofing), the percentage of total work and the estimated cost thereof.

1.8 Equipment Ownership and Operation Expense Schedule. Your attention is invited to Section 00700, EFAR 52.231-5000 entitled “Equipment Ownership and Operation Expense Schedule. Whenever a contract or modification of contract price is negotiated, the contractor’s cost proposal for equipment ownership and operating expenses shall be determined in accordance with this clause. WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29 CFR 5.5 (a) (1) (ii)).

In the listing above, the "SU" designation means that rates listed under the identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations

Wage and Hour Division

U.S. Department of Labor

200 Constitution Avenue, N.W.

Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator

U.S. Department of Labor

200 Constitution Avenue, N.W.

Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

=====
Unlisted classifications needed for work not included within
the scope of the classifications listed may be added after
award only as provided in the labor standards contract clauses
(29 CFR 5.5(a)(1)(ii)).

In the listing above, the "SU" designation means that rates
listed under that identifier do not reflect collectively
bargained wage and fringe benefit rates. Other designations
indicate unions whose rates have been determined to be
prevailing.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can
be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a
position on a wage determination matter
- * a conformance (additional classification and rate)
ruling

On survey related matters, initial contact, including requests
for summaries of surveys, should be with the Wage and Hour
Regional Office for the area in which the survey was conducted
because those Regional Offices have responsibility for the
Davis-Bacon survey program. If the response from this initial
contact is not satisfactory, then the process described in 2.)
and 3.) should be followed.

With regard to any other matter not yet ripe for the formal
process described here, initial contact should be with the Branch
of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U. S. Department of Labor
200 Constitution Avenue, N. W.

REPLACES AK030006

Washington, D. C. 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N. W.

Washington, D. C. 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U. S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D. C. 20210

4.) All decisions by the Administrative Review Board are final.
